

ISO-DRAIN® 8 ACCESSORIES

INTERPLAST Finishing Strips:

This special finishing strip provides for a neat border and secure fixing of the installed dimpled sheet. It also prevents foreign material from entering and obstructing the air gap between the dimpled sheet and the underlying wall.

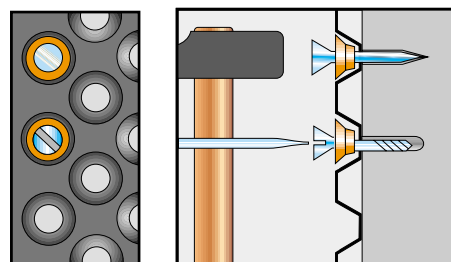

Material: HDPE
 Colour: black
 Section lengths: 2.0 m / 2.5 m
 Package size: 20 pcs

INTERPLAST Anchor Heads:

These anchor heads provide for close-fit, rapid installation over a wide variety of substrates.

3.5 mm I.D. anchor heads with nails:

Material of head: HDPE
 Material of nail: steel
 Package size: 250 pcs

5 mm I.D. anchor heads with plugs:

Material of head: HDPE
 Material of plug: HDPE
 Package size: 250 pcs

Installation of ISO-DRAIN 8 MESH should be done with special accessories (as described in the brochure "ISO-DRAIN 8 MESH").
